

## Using the HOS Discussion Forum

Some members are finding that, having joined the Discussion Forum, they are not certain about how to get back in again.

Entry is through the log-in page <http://groups.yahoo.com/group/Hardyorchidsociety/>

It is recommended that you keep this address in your Favourites. You will need it even if you tick 'keep me logged in' as this facility only works for a fortnight. Although the log-in page says 'Sorry, this group is for members only' on the left-hand side of the page you will find the log-in button. There is a reminder facility for user name and password.

If you haven't yet joined the Discussion Forum entry is by invitation only which can be obtained by contacting the Membership Secretary [m.tarrant@virgin.net](mailto:m.tarrant@virgin.net).
